WHEN IT COMES TO PROBIOTICS, IT'S ABOUT BOTH THE *journey & the destination*

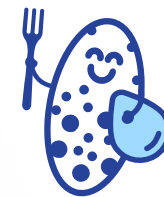

Probulin Probiotics are ALWAYS shipped insulated and on ice to protect your probiotics from heat in transit

Our unique seaweed extract shields your probiotics against stomach acid

Every Probulin capsule contains prebiotic fiber and electrolytes to feed and hydrate your probiotics along their digestive journey

Probulin Probiotics arrive in the gut alive, healthy, and ready to work!

Probulin[®] GOES THE EXTRA MILE WITH **COLD + PROTECTED[™]** SHIPPING

Delivery trucks can get hot enough to kill most probiotics. Probulin ships in insulated boxes with compostable ice packs that are 100% drain safe and can even be used as plant food.

WE SHIP OUR PROBIOTICS COLD + PROTECTED[™], BUT ONCE RECEIVED, THEY'RE FINE TO LEAVE OUT - NO REFRIGERATION REQUIRED!

Our scientifically validated **MAKTrek[®] 3-D Delivery System** provides the 3 things all living things need to survive:

PROTECTION, FOOD & WATER

PROTECT

Natural seaweed extract acts as a secondary barrier protecting your probiotics against deadly acid and bile.

FEED

Each capsule contains natural prebiotic fiber and postbiotic nutrients for maximum survival.

HYDRATE

This stage is critical. We pack electrolytes in every capsule to ensure the slow and steady hydration probiotics need to survive and thrive.

Alive WHEN YOU BUY THEM --- *Alive* WHEN YOU GET THEM --- *Alive* WHEN YOU CONSUME THEM

Known for our cutting-edge innovation and radical transparency,
Probulin always puts quality, health and safety first.

All of our products:

-  Include scientifically documented strains of **living probiotic** bacteria.
-  Are manufactured **without chemical additives**; we never use stearic acid, fillers, binders, or synthetic flow agents and are vegan.
-  Are third-party lab tested to ensure **potency** and **stability**.
-  Include the scientifically validated **MAKTrek® 3-D Delivery System** to ensure probiotic survival.
-  Are always **shipped Cold+Protected™** with **EnviroIce™**. We ship in an insulated box with compostable ice packs that are 100% drain safe and can even be used as plant food.
